

PDF / Image Download Test

Paper size: A4, 210 x 297 mm

Source: GitHub raw URL

Purpose: verify that the local Agent can download and print remote files.

Checklist

1. The page is centered on A4 paper.
2. The title and border are sharp.
3. The printed output is not cropped.
4. SDK status events appear in the example log.

Expected result

If this page prints cleanly, the remote file URL path is working.
